Summary

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Summary

I am a wedding, civil partnership and portrait photography with many years experience in the industry. I work with my clients to ensure that their experience of being photographed is right for them. I ensure that studio sessions are laid back and informal because the best photographs of you will be when you're looking relaxed, not when you're sitting at a silly angle with a posed smile on your face (we all remember those old school photos!). When I come to your wedding or civil partnership I realise I am the least important person there and I will take the lead from you on the type of photos you want. They can be posed and we can include some of the classic images such as your hands with the rings on, crossed arms with champagne glasses and a picture with the whole family or I can be a fly on the wall taking pictures of the day as it happens or a bit of both. It's your day so I do what you say.
